

Dear Class 204 parents,

We would like to welcome you to Kingwood Montessori. We are very anxious to begin working with your child!!

We will spend the first month of your child's time with us getting to know each other, familiarizing them with our school environment, learning ground rules and boundaries, and establishing our routine. **THIS WILL BE VERY CHALLENGING WORK FOR ALL OF US!**

Here is some helpful information that will help your child adjust quickly.

Clothing: Our classroom is very cool – please send a sweater that can remain in the classroom for your child. If it returns home with your child, please send it back as soon as possible so they can be comfortable. Please be sure to send a weather appropriate change of clothes to remain in the classroom for child. Clothing should be chosen thoughtfully (comfort, independence, weather and activity appropriate, etc.). Tennis shoes are a great choice for everyday! Make sure every item sent to school is clearly labeled with your child's name.

Snack/lunch: Food selections should be nutritious. Children may choose one item for snack. We encourage them to choose a small dry snack at this time. Please pack an ice pack to keep cold items cool and utensils for your child to use to eat with (if necessary). We do not keep a supply of spoons and forks in the classroom. We can accommodate a one minute warm up for lunch. Leftovers are a great choice!! Candy, soda, sweets, etc. should always **STAY AT HOME**. Water is always available to your child during the school day.

Allergies: Please make us personally aware of your child's allergies.

Again, we want to thank you for sharing your child with us. We are excited about this school year and look forward to lots of fun and learning!

Sincerely,

Ms. Sarah and Ms. Amy

***** Thank you for remembering that TOYS STAY AT HOME!!**
