

August, 2011

Well, the time is here for returning and new students to begin a new year at Kingwood Montessori. We welcome you and proudly acknowledge the start to our **fifth year!!!!**

Class 212-Lower Elementary is happy to see new and returning students. A few August considerations.

1. Our classroom can be chilly. Send a light extra jacket/sweater/shirt that could stay at school. Labeling clothing is always good.
2. It's so hot and will stay hot for many more weeks. Send an extra small bottle of water for outside playtime. For a while we are going outside early in the morning, rather than mid-day, to play. Closed toed shoes are best for running and play.
3. Please send a nutritious meal, heavy on fruits and vegetables. We can accommodate up to one minute warm-ups in our class microwave. Leftovers are always good. Containers need to be student friendly. Micro-wavable plates will come from home.
4. Students will bring their own utensils. In a pinch we have two sets of fun plastic silverware which may be used, washed and reused by students.
5. Send in two cloth or paper napkins. One becomes a designated table space placemat and a great catcher of drips and drabs. The other helps with mouths and fingers. Cloth napkins can usually last the week.

We look forward to a wonderful, fun and full of learning year!
