

Eduardo Varela

Eduardo is a proud Montessori parent that believes in making the world a better place for ours and generations to come. Eduardo's family arrived at KMS looking for a summer school for their son but rapidly fell in love with the Montessori method and the special environment that each teacher brings to the school. They decided to stay with the school for the long term and now he has the opportunity to serve as a Board of Trustees member.

Eduardo is an Electronics Engineer with a Master's Degree from the University of Houston that works for the Enterprise Data Engineering group at Insperity, Inc.
